

Bagged Product Catalog

Over the last 30 years, Lane Forest Products has grown with the demands of the landscape and nursery industry. We have done this by manufacturing and perfecting our compost, mulch, soil mixes, and potting blends.

Having successfully supplied professional growers for many years, we have worked to refine our process to address the diverse growing environments of the Pacific Northwest.

Consistency is the key to our success in **product quality, availability, and pricing.**

When you choose to buy **our** products, you're supporting a local and sustainably-driven company with a team of over 200 dedicated employees (and growing)!

Susan Posner, President

GROUND COVER

As Oregon's premier manufacturer of mulch products, we offer competitive pricing and unmatched quality and consistency.

SOIL AMENDMENTS

We carry Oregon's largest selection of compost products, each with unique qualities, all built to deliver a bountiful harvest.

POTTING MIXES

Formulated with the home gardener in mind while also meeting the needs of production nurseries. Created and blended with all natural amendments and ideal for container gardening.

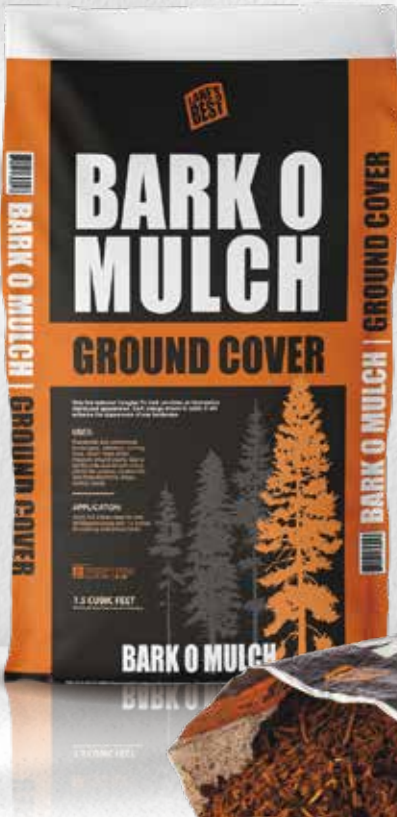

PLANTING SOILS

Our soils offer everything needed to get a garden off to the right start. Crafted with experience, our mixes are local, sustainable and affordable.

Ground Cover

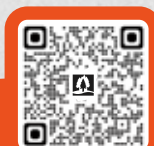

Transform your landscape into a stunning masterpiece with Lane's Best Bark O Mulch. Our best-selling fine textured fir bark not only adds a touch of elegance to your outdoor space but also provides essential benefits for your plants.

BARK O MULCH

By retaining moisture around your plants, Lane's Best Bark O Mulch ensures they stay hydrated and healthy even during hot summer days. Say goodbye to constant watering and hello to thriving greenery.

Additionally, this mulch is naturally designed to acidify soils, making it perfect for acid-loving plants like azaleas, blueberries, and rhododendrons.

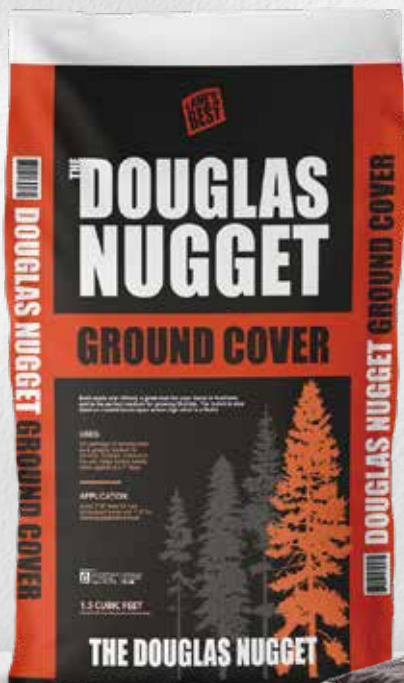

Ground Cover

With its rustic yet refined appearance, Lane's Best Douglas Nugget adds a touch of sophistication to any outdoor space. This remarkable product is also the perfect medium for growing Orchids, ensuring they thrive in a nurturing environment.

THE DOUGLAS NUGGET

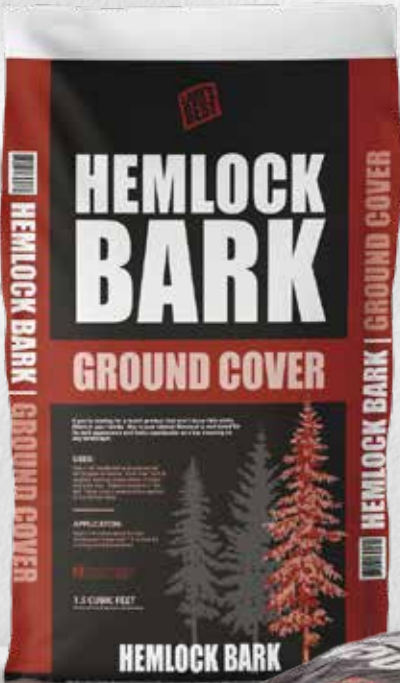

Not only is Lane's Best Douglas Nugget ideal for residential and commercial landscapes, its sturdy composition withstands even the harshest coastal winds, making it an excellent choice for windy coastal landscapes.

Lane's Best Douglas Nugget retains moisture in the soil, keeping your plants hydrated and healthy, while acting as a natural weed control when applied at a depth of 3-4 inches.

Ground Cover

Fibers in Lane's Best Hemlock Bark are soft, helping to avoid splinters when handling the material. The rich dark reddish-brown color adds a touch of elegance and sophistication to any residential or commercial landscape.

HEMLOCK BARK

It's not just about aesthetics - Lane's Best Hemlock Bark is a practical choice, too, it retains moisture in the soil, ensuring your plants stay hydrated and healthy. Say goodbye to pesky weeds as this bark acts as a natural weed control when applied at a depth of 3-4 inches.

Lane's Best Hemlock Bark is ideal in areas where children and pets play due to its soft fibers.

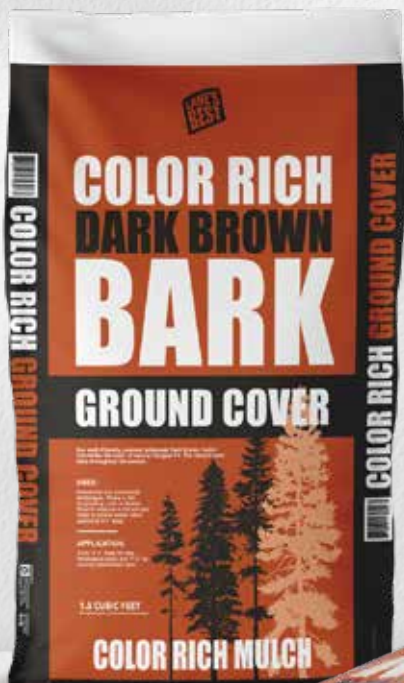

Ground Cover

Transform your garden into a vibrant oasis with Lane's Best Color Rich Mulch! Our eco-friendly mulch is specially formulated with color-enhancing technology to intensify the natural beauty of Douglas Fir bark.

COLOR RICH DARK BROWN

But it's not just about aesthetics - we prioritize safety too. Rest assured our non-toxic colorants used in Lane's Best Color Rich Mulch have been proven to be safe for your shrubs, plants, pets, and children.

Just a friendly reminder: While Lane's Best Color Rich Mulch is perfect for enhancing your garden's beauty, we recommend refraining its use in high-traffic areas to avoid staining. The rich dye may transfer to hard surfaces like cement walkways or even stain footwear. To prevent any potential staining, simply lay down a tarp on your driveway before spreading the mulch.

The rich dye may transfer to hard surfaces like cement walkways or even stain footwear. To prevent any potential staining, simply lay down a tarp on your driveway before spreading the mulch.

Soil Amendments

Immerse your garden in a symphony of organic goodness, fostering vibrant blooms and lush greenery - where soil enrichment meets botanical excellence!

LANE GARDEN COMPOST

Our premium compost is an organic amendment created to enhance soil life and promote vigorous plant growth. OMRI Listed for organic use and US Composting Council certified,

Lane's Best Garden Compost is meticulously crafted from plant debris and garden matter that has arrived at our recycling center from both native and lush local landscapes.

Soil Amendments

Promote a healthy ecosystem while improving soil drainage and aeration with our carefully crafted, natural and organic Lane's Best Blended Mint Compost – a harmonious fusion of organic materials and mint ideal for vegetable and flower gardens.

BLENDED MINT COMPOST

Nourish the root zone of your established plants with this rich, dark, finely textured and robust blend of composted plant material, mint straw, cow and chicken manure, and aged bark fines. Ideal for use as a garden soil amendment or for top dressing planting beds. Blended Mint Compost is an outstanding mulch alternative that helps to retain moisture, suppress weeds, and regulate soil temperature.

Ingredients: A blend of Yard Debris Compost, Mint Straw Compost, Cow & Chicken Manure Compost or Fish Compost, and Aged Bark Fines.

Soil Amendments

Our Lane's Best VeggieBoost™ natural and organic compost is a gardener's secret to a truly exceptional harvest - boost your garden's vitality and soil health so that your veggies can flourish!

VEGGIEBOOST™ COMPOST

Give a boost to your garden soil and veggies with our Lane's Best VeggieBoost Compost - a powerhouse for plants when amending vegetable gardens and top dressing planting beds.

Ingredients: A Blend of Yard Debris Compost, Cow & Chicken Manure Compost or Fish Compost, and Dried Poultry Manure.

Soil Amendments

A dark and rich blend crafted to elevate your garden's vitality. Watch as your soil transforms into a thriving garden with robust growth and vibrant blooms. Uplift your growing experience with our Ocean Rich Fish Compost - where sustainability meets sensational results!

OCEAN RICH COMPOST

Ocean Rich is not your traditional fish compost blend; it is formulated with 100% true fish byproduct and allowed to break down and cure for over a year. With our expertise and 30 years of experience, we developed a new composting method to handle this type of material, and the results are outstanding. Immerse your plants in the goodness of sustainably sourced fish byproduct, processed to aid in creating a powerhouse of organic, life-supporting energy.

Ingredients: Composted Plant Materials, and Fish Byproduct.

Potting Mix (SOILLESS)

Immerse your garden in the richness of nature! Unleash the magic of gardening, while supporting soil life and plant growth with Lane's Best Super Natural Potting Mix - the secret formula for vigorous and flourishing potted plants and hanging baskets!

SUPER NATURAL POTTING MIX

This light blend of carefully curated natural and organic ingredients helps establish optimal aeration, drainage, and nutrient retention, ensuring your potted plants and hanging baskets reach their full potential. Enriched with organic matter, it's a super natural recipe for success in every container.

Ingredients: Aged Bark Fines, Peat Moss, Blend of Yard Debris Compost, Cow & Chicken Manure Compost or Fish Compost, Pumice, Perlite, Sand, Fish Bone Meal, Limestone (for pH control), Dried Poultry Manure, Alfalfa Meal, Feather Meal, Kelp Meal and Wetting Agent.

Potting Mix (SOILLESS)

Developed for those who like to go BIG! This premium blend boasts a meticulously crafted formula that was expertly designed to provide an outstanding harvest, season after season. As a hybrid soil, it does well in all conditions: indoor, outdoor, greenhouse, and field-grown.

SUPER GROW PRO HYBRID

Super Grow Pro-Hybrid is a potent Super Soil that has everything your plants need to grow BIG with ideal drainage and plenty of room for flexibility! Perfect for large pots and raised bed systems.

Ingredients: Aged Bark Dust, Pumice, Composted Plant Material, Perlite, Spagnum Peat Moss, Coconut Coir, Composted Chicken Manure, Composted Cow Manure, Earth Worm Castings, Fish Byproduct, Crushed Basalt Dust, Dolomite (pH Control), Feather Meal, Crab Meal, Bat Guano, Fish Bone Meal, Alfalfa Meal, Kelp Meal, Leonardite, Mycorrhizal Fungi: Glomus intraradices, G. mosseae, G. aggregatum, & G. etunicatum, 0.011 propagules/g each.

Planting Soil

Transform your garden into a thriving oasis with Nature's Best Planting Soil; your ideal choice for cultivating a lush landscape with vibrant blooms and robust root development.

NATURE'S BEST PLANTING SOIL

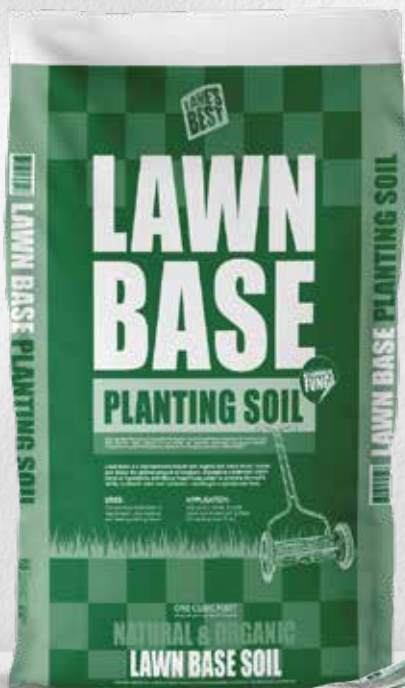

This sandy soil is ideal for a raised garden bed. Our meticulous blend of Natural and Organic material has everything needed to get your plants off to a great start, creating an optimal foundation for a thriving crop.

Ingredients: Blend of Yard Debris Compost, Cow & Chicken Manure Compost or Fish Compost, Aged Bark Fines, Loam, Sand, Forest Wood Biochar, Fish Bone Meal, Limestone (for pH control), Dried Poultry Manure, Alfalfa Meal, Feather Meal, Kelp Meal, and Leonardite.

Planting Soil

Lane's Best Lawn Base is your key to vibrant, lush, healthy and green grass! Say goodbye to a patchy lawn and hello to a dense, velvety cover that withstands the test of time.

LAWN BASE PLANTING SOIL

Developed for new lawn installations as well as lawn rejuvenation, Lane's Best Lawn Base is a well-balanced soil which both retains and drains just the right amount of moisture. We have included a starter blend of ingredients and added Mycorrhizal Fungi to promote the roots' superior ability to absorb water and nutrients. Give your grass the TLC it deserves and your existing grass the revitalization it needs.

Ingredients: Sand, Aged Bark fines, blend of Yard Debris Compost, Cow & Chicken Manure Compost or Fish Compost, Forest Wood Bio-Char, Perlite, Limestone (for pH control), and Leonardite. Mycorrhizae: Glomus intraradices, G. mosseae, G. aggregatum, and G. etunicatum 0.035 propagules/g each.

Planting Soil

Enjoy the beauty of vibrant blooms that fill your space with life while enjoying the satisfaction of homegrown vegetables. Our Lane's Best Garden Rich planting soil aids in plant growth and supports soil life, which helps you to grow the garden of your dreams.

GARDEN RICH PLANTING SOIL

Balanced and ready to plant! Perfect for new raised beds or for raising the depth of existing beds. Choose Lane's Best Garden Rich Planting Soil and experience the joy of watching your flowers, shrubs, and vegetables thrive. Add additional fertilizer as needed throughout the season.

Ingredients: Blend of Yard Debris Compost, Cow & Chicken Manure Compost or Fish Compost, Aged Bark Fines, Loam, Sand, Forest Wood Bio-Char, Dried Poultry Manure, Fish Bone Meal, Limestone (for pH control), Alfalfa Meal, Feather Meal, and Kelp Meal.
